Paige, since you asked to see the letters one more time, I have put you back into the concurrence chain in e-routing for the Explo letter only. I am also attaching the list of question for the other 3 entities for your final review. I hope that is ok. I can certainly put you into e-routing again if you would prefer for the other 3 documents. Just let me know.

Per my discussion with Greg, and at Chuck Barnes request, I added one question in the 104(e) to the Army. Greg thought it was a very good question. I did that about 10:30 am Friday morning. Nothing else has been changed since you saw the letters early Friday.

Thanks again for all your help.
Hope the baby is doing better.
